

## HIPAA Compliancy Offering

Infinity understands the challenges that medical practices face with understanding and ensuring compliance with HIPAA. Through our partnership with the Compliancy Group, we can bring you a program that helps protect your business and guide you through HIPAA, leaving you stress free and safe.

## Infinity Specializes in Healthcare

Since 2000, Infinity has a history of providing services and products to clients in the health care industry. We provide managed IT services, backup and disaster recovery, a HIPAA compliance coach, network security, strategic IT planning and much more. Contact us today to find out what program is right for you.

## How Do I Learn More?

To learn more about this program and schedule your consultation, contact us at [sales@infinitynetworks.net](mailto:sales@infinitynetworks.net) or 866-475-9510.

## What is I-COMPLY?

Our I-COMPLY program is targeted for any organization that is under the regulatory requirements of HIPAA. This program is designed to assess and identify any GAPS in compliancy and develop a work plan to close those GAPS. Also included is a compliancy coach to assist in policy creation, event documentation, ongoing coaching around rules and regulations of HIPAA, and continuing education.
